APK ToolsSnakes Stairs - Every child's fantasy come alive with this amazing Snakes Ladders 3D board game! You can re-experience snakes & ladders in a beautifully rendered 3D environment with breathtaking animations. Do you feel lucky? On the stairs, your dice can take you to the top of the ladder or push you to the back of a snake. All players start from ladder 1 and ladder 50 is the player who reaches the first win. If a roll of dice takes you under a ladder, it will move up to the top of the ladder. However, if you reach the top end of a Snake, you scroll to the bottom end of the Snake.Main Features: ✓ Stunning 3D Graphics. Initially all 50 steps, along the way and see a Board-view with Stairs. On the roll of dice, a nice castle and players - see all 3D, breathtaking animations for the actions of stairs and... ✓ Classic Game. You can play 4 players or roll the dice by taking turns and moving the mysterious castle up (or down). Set in the classic style of all this old game ... ✓ Single or Multiplayer Mode. Play for one, play with friends or play. See who's racing to the top of the castle, taking on all the Snakes and enjoying the Stairs... ✓ Variety of Characters. Choose from 8 great 3D avatars with unique features... The petite girl from Sky to the cool razor man. With 15 different game board designs and 3 dice, the idea never ran out... ✓ Haunting Audio. And the Stairs come with exciting sound effects that double the enjoy of playing! Rolling roll of dice, snake's feelings, climbing stairs... You'll enjoy every bit! ✓ 21 Real Power. You can win from 21, almost unfair powers! Makes the game super exciting and exciting! Snakes and Ladders 3D is free to play with great in-app purchases. You're just a touch away from reliving your childhood memories!. Join over 4,000,000 players and stay tuned for many great updates! Graphics and Memory Optimizations.Minor Bug Fixes.PermissionsView Permissions This game is traditionally like snake and ladder board games but with different layout of the game. Only a pawn placed on the board in its place uses cute characters that work in this game box. you can select a character to play. It uses only a random number to produce realistic dice and numbers to move players. Play vs pc or VS friend alone on a single device. Device.
